

Parkside Primary Art Newsletter

Friday 20th June 2025

Dear Parents/Carers,

This year Art has inspired, engaged and challenged children across the school. It has provided them with the knowledge and confidence to invent and create their own incredible works of art as they explored new techniques, experimented with materials and expressed themselves through colour, shape and imagination. This can be seen and celebrated all through the colourful corridors of the school. The children have also been busy working and collaborating with artists, attending art clubs and entering competitions.

It's been wonderful to witness the incredible enthusiasm and creativity shining through the students this year.

Miss Saxby, Art Coordinator.

Class Artists

From Reception to Year 6, each class explored a class artist and produced amazing pieces of work that reflects their unique styles and stories. It has been great to see every class getting creative and using collage, painting, 3D modelling, photography, textiles and many more techniques to express their ideas!

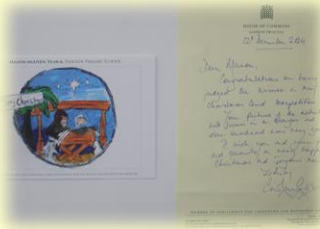

Many children across the school had the opportunity to collaborate with their class artist to create inspired and imaginative pieces of artwork. Each child in Duffy class, Year 6 were even lucky enough to choose a piece of artwork which they were then sent to enjoy. Eco councillors also worked with local artist, Kat Hall to create a sculpture that reflected the importance of recycling.

Working with artists

Competitions

In December Sir Iain Duncan Smith invited all children in Waltham Forest to design his official Christmas card for 2024. Congratulations to Mason, Year 6, who won the competition with his fantastic design!

Clubs

Children across KS1 and KS2 had the chance to join art clubs, where they worked together to create some amazing collaborative pieces.

Staff have also been showing their creativity through many different events such as school productions, writing day and class assemblies.
